

writeGLASS (self adhesive film)

WriteGlass dry erase film features a high gloss finish ideal for frequent dry erase use on glass partitions. WriteGlass is a unique glass finish with a writable and erasable surface that renders opacity to convert interior glass surfaces into creative, collaborative environments. Transform virtually any glass surface into a writable, erasable surface on both sides of the glass partition.

functional

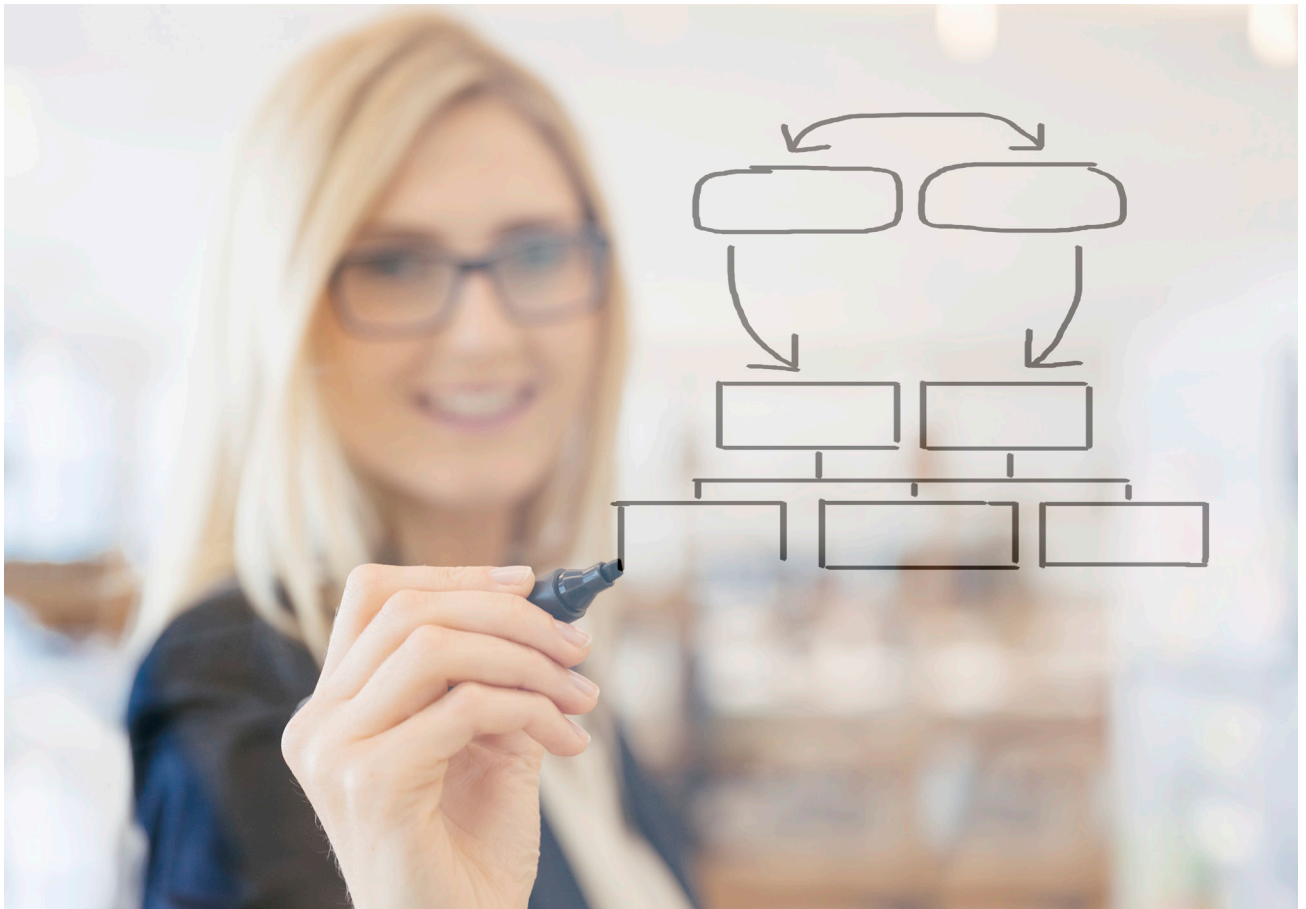

- Self adhesive film
- Suitable for all collaborative writing needs
- Perfect solution for healthcare, education, hospitality and corporate installations
- Flexible roll goods suitable for installation on curved substrates and columns

convenient

- Apply only to interior glass and many smooth plastic surfaces
- Horizontal installation provides a seamless writing surface across full walls & rooms

durable

- Easy to erase
- 5-year limited warranty
- Flexible, durable polyester film

specifications

easy install

WriteGlass should be carefully inspected BEFORE CUTTING to confirm that the correct dry erase surface and quantity have been ordered and shipped. If you are installing a large order, organize your rolls in sequence before beginning application. Proper surface preparation is critical for a high quality installation. Any imperfections can result in an unappealing finish. Entire wall surface must be consistent in color, as any marks or color variations may possibly read through to the surface of the dry erase wallcovering.

We suggest hanging the dry erase film horizontally to eliminate seams in the writing area. For full wall applications, it is recommended a full width strip be centered on the wall in the most likely writing area. Use recommended tools and adhesive for proper installation. After hanging one horizontal strip (a maximum of 20') of dry erase material, examine the installed film for color uniformity and overall appearance.

accessories

WriteGlass is available with a complete line of accessories and optional finishing products. A wide selection of aluminum trims and marker trays offers convenience, cleanliness and aesthetic appeal.

Care and maintenance items will ensure your installation endures everyday use. Choose from recommended markers, microfiber cloths, erasers and dry erase cleaners.

warranty

WriteGlass is covered by a five year limited warranty. This warrants that WriteGlass will be free from any defects in material or workmanship and meets the design criteria noted in our specifications when properly applied and installed per our recommended installation instructions.

physical properties

Product Code	Core Material	Adhesive	Liner	Thickness (Nominal)
